About

Rich Wenzlik

After 20 years in the restaurant business, I wanted a life and a wife. So, I bought Sunshine and now I have both. During the past 19 years, Sunshine has given me a lifestyle choice that has been extremely fulfilling. It's not about the money, it's the community and relationships I've been able to nurture throughout the years.

Robert Kreyenhagen

I started at Sunshine Freestyle in 1979. I wanted to work here when I saw how the store touched the local community. In 1998, I became a partner of Sunshine. I've tried to make people feel welcome and happy for as long as I can remember. "Thank you".
